

# 2019 Water Tour for the Madera County GSAs

*You're Invited!*

Please join us for a tour of the Madera and Chowchilla Subbasin with Self-Help Enterprises. As the Groundwater Sustainability Agencies (GSAs) in the Madera and Chowchilla Subbasin are working to complete Groundwater Sustainability Plans (GSPs), these GSPs must consider all beneficial uses and users of groundwater under the Sustainable Groundwater Management Act (SGMA).

On the Madera County GSAs Water Tour, you will have the opportunity to gain a deeper look at how the Madera and Chowchilla Subbasin can balance beneficial water use and reach sustainability through cooperative water resource management.

## TOUR LOCATIONS

- Ellis Recharge Basin
- Agriland
- Fairmead

---

Lunch will be provided

---

Members of the public are welcome to participate in the tour using their own vehicle.

We encourage carpooling whenever possible.

## FRIDAY, MARCH 1, 2019
